SECTION III: NARRATIVE

BILL SUMMARY

Synopsis:

HB85 amends and enacts new sections to the Public Health Act, the Adult Protective Services Act, the Long-Term Care Ombudsman Act and the Medicaid Fraud Act to address “board and care facilities.”

A board and care facility is defined in HB85 to be a residential establishment that receives payment from or on behalf of two or more adults who reside in such facility and who are unrelated to the owner or operator of such facility, and that provides personal care services and may assist residents with one or more activities of daily living.

FISCAL IMPLICATIONS

Note: major assumptions underlying fiscal impact should be documented.

Note: if additional operating budget impact is estimated, assumptions and calculations should be reported in this section.

The significant fiscal impact of HB85 will fall on the agencies that administer the amended Acts. According to existing statutes, the district attorneys and the office of the attorney general share responsibility for criminal enforcement of the Medicaid Fraud Act. See NMSA 1978, Section 30-44-3(A). And the district attorneys, the attorney general, and the human services department share responsibility for civil enforcement of the Medicaid Fraud Act. See NMSA 1978, Section 30-44-3(B). However, most cases are handled by the attorney general’s office through the Medicaid fraud and elder abuse division. To the extent HB85 expands the scope of the Medicaid Fraud Act to cover a new type of facility, the attorney general’s office will have more cases to investigate and litigate, and will have increased costs. Unless cases come to the district attorneys, there will be no fiscal implications for the district attorneys.
